CORDWALLES, PINE RIDGE AND LORRAINE SCHOOLS / CAMBERLEY ★★★★★

“If you are ever looking for something different to spend your sports premium that will have a legacy and encourage your children to be more active, I can't recommend Jamie Knight highly enough. He has been running workshops all day today, teaching freestyle skills after a presentation assembly and hosted a 'cosy' masterclass session after school linking the skills with transitions into a sequence. He is coming back to work at our infant schools tomorrow! He is very child centred in his approach, supportive and approachable. The Cordwalles children were smiling from ear to ear, as were the teachers.”

ALDERMAN BOLTON PRIMARY SCHOOL / WARRINGTON ★★★★★

Alderman Bolton Primary School thoroughly enjoyed Jamie Knight and his freestyle football workshops. His manner and attitude when working with the children was outstanding, he is very skilled and professional at his job. He was incredibly inclusive and supportive of all children's needs throughout the day and remained approachable to staff and children when help was needed. All children were engaged during the assembly and the sessions and they were always encouraged to try their best even if freestyle football was a new experience.

BOHUNT SCHOOL ★★★★★

We wanted to say thank you so much to Jamie for his amazing sessions today. Every single student enjoyed their time, even those who would not normally identify themselves as "sporty". Seeing Jamie's skills in action was a treat in itself but he showed himself to be a great teacher as he broke down difficult moves carefully. This meant that all our students had a real sense of pride and success as they left the session able to perform a variety of tricks. It was evident that Jamie enjoys working with young people and is passionate about helping them find joy and success through his session. We also really valued the way he promoted the importance and necessity of hard work and dedication to developing a skill. The students were absolutely buzzing after it and were keen to show off their skills to friends and family. We hope we can continue to work with Jamie in the future.

ST CATHERINES ACADEMY / BOLTON ★★★★★

Communication with Jamie was excellent in advance of the workshop. Doyle was punctual, friendly, professional and engaging for two full days - just what we required. In student feedback, out of a range of activities, the freestyle football was the most enjoyable and taught much more in terms of growth mindset, overcoming challenge and resilience. Would strongly recommend. Thank you!

LARKSWOOD LIME ACADEMY ★★★★★

ILMINGTON C OF E PRIMARY SCHOOL ★★★★★

Jamie came and delivered an assembly and workshops throughout the day at our school yesterday. It was absolutely fantastic. The children were engaged throughout the day, mesmerised by Jamie's tricks and thoroughly enjoyed it. The after school masterclass was equally brilliant and we have had nothing but positive feedback from parents, carers, staff and most importantly the children. Thank you so much Jamie and for taking the time to encourage and motivate our students. Can not recommend highly enough.

CHARTERS SCHOOL ★★★★★

Session was very enjoyable for all the students. A range of performances to watch, skills to learn and a chance to ask questions. All the students were able to show improvement in some of the tricks and all left ready to try themselves at home. Great communication with me as the organiser before the event and with the students during the session. Many thanks

HIGH PEAKS SCHOOL ★★★★★

We are a School and Sports Partnership and serve 40+ primary schools and 7 secondary schools in the High Peak. We regularly organise events with guest Olympians and sporting professionals in order to generate impact and inspire the young people we work with. We booked Jamie to deliver an insirational assembly and freestyling workshop for gifted and talented local 10/11 year olds. Jamie was absolutely incredible, he understands how to generate excitement, connect with the crowd, wow and inspire them in equal measures to delivering messages that we use sport as a vehicle for- such as resilience, determination, positive life choices and overcoming hardship. The level at which Jamie is performing (world top 10 and the pupils will be able to watch him during the upcoming euros as 'skillsy') is inspiring and set the pupils in awe straight away, he moved on to his story, the amazing opportunities he's had through mastering his craft but inbuilt all important life lessons. Jamie is quick thinking and well learned and his academic pursuits endorse the 'work hard in all lifes elements' approach. During the workshop Jamie is very hands on and inclusive and he coached 70 pupils many tricks with astounding levels of success! Absolutely money well spent booking Jamie and I wouldn't hesitate to recommend

GREENFIELDS PRIMARY SCHOOL ★★★★★

Excellent workshops. All the children enjoyed the performance and also felt confident to attempt the challenges. Great enthusiasm from Jamie and the children loved it. Jamie had nice, encouraging manner and all children wanted to join in.

THISTLY MEADOW PRIMARY ★★★★★

Jamie was booked in for two days at our schools...communication prior to his arrival was fabulous either via email or over the phone. In the day, he was friendly and organised. His manner with children aged 4-11 was excellent and he interacted brilliantly with them all. His workshops were relevant and pacy but he made children feel confident to volunteer and demonstrate. Would recommend Jamie to any school or group- our children loved every minute and even in the masterclass after school, despite doing a full day of workshops, Jamie was only too happy to chat to parents, have photos taken and sign shirts/ notepads/ DVDs.

NEW SEAHAM ACADEMY ★★★★★

Very smooth running of workshops and kids were amazed by Jamie!

ALUMWELL JUNIOR SCHOOL ★★★★★

Jamie Knight came into our school as part of our Sports Relief event. The children thought Jamie's showcase was exciting and a treat for everyone. They all had a chance to learn a new skill and were inspired to want to play football. Some children even went out and bought a football straight afterwards. The children said that after today they would like to do this and many other sports in the future. This is exactly the outcome I'd hoped for from this day.

KRISHNA AVANTI PRIMARY ★★★★★

Brilliant couple of days with Jamie in school, getting our youngest Foundation Two children balancing a ball on their necks and loving learning some skills. Right through to the Year 6 children, it was a great couple of days with all thoroughly enjoying the workshops and learning that resilience, determination and practice can result in goals being achieved. Absolutely recommend getting Jamie in and inspiring the children and staff!

ST MARYS COE PRIMARY - ESSEX ★★★★★

The whole school (adults and children alike) absolutely loved our day with Jamie. He was well presented, friendly, calm and engaged really well with the children. During his freestyling routine their jaws literally dropped - they were in awe of his skills and tricks! When they gave it a go themselves he was encouraging and supportive - the music really helped to motivate the children and they had loads of fun. They really listened when he talked about persevering and having to practise for hours on end to get better at anything. He is proof of that and what a good lesson for the children to learn. Many of them talked about how inspired they were and want to keep practising the tricks at home! Thanks again Jamie, we'd love to see you again another time.

JOHN KEBLE PRIMARY SCHOOL ★★★★★

explain how to do the tricks clearly for the children to understand. He was positive and encouraging as they persevered! Many had mastered some new skills by the end of their sessions and have since been practising their new skills on the playground. Would definitely recommend for some fun whole-school workshops.

TREGADILLETT PRIMARY / CORNWALL ★★★★★

MATCH OF THE DAY MAGAZINE / LONDON ★★★★★

This was a memorable experience. Everyone had a smile on their face and seemed to come away with something. There was lots of opportunity to accomplish something, be it landing a trick or coming away with the tools to practice a trick with a view to mastering it. It was also incredible to witness one of the world's best freestylers up close and left me with an appreciation of the skill levels these people have.
