ACTIVITY PLAY SHIP - £2,654 Excl. VAT

Made from sustainable and durable Scandinavian Redwood, this exciting wooden play boat will help children develop their strength and agility skills.

Younger children can let their imagination run wild, discovering new lands or encountering pirates! Imaginative play is vital for young developing minds and encourages lateral thinking, problem-solving, teamwork, and communication skills.

This product is treated with a toxic-free, high-pressure process to force preservatives deep into the wood, meaning this play boat will withstand all weather conditions for years to come.

- W 1200mm D 2500mm H 1600mm Platform Height 900mm

CLAMBER HILL - £650 Excl. VAT

Built to inspire creative and social play, this physical play resource will fit perfectly in any early-years educational setting.

Ideal for developing motor skills and exploration, little ones will clamber and crawl for hours, enhancing their physical ability through fun play.

Made from FSC Treated Redwood Timber.

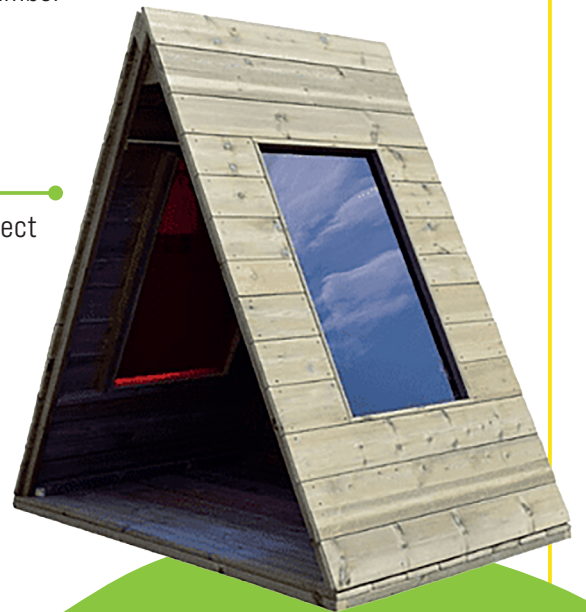

- 10-year guarantee against wood rot and insect damage
- FSC Pressure Treated Redwood Timber
